Matt Kepple
Your football project looks amazing. Do you have time for a call or coffee to talk about it in more detail?

Return to **Home** (click the Makerble logo on any page at any time to get back here fast)

To **follow Projects** start by clicking the name of the Organisation you want to see projects for.

Follow Projects

You are now on your charity's main overview page.

Here you can find all the Projects in the Organisation.

Click on one of the titles to see more info and access the individual project page

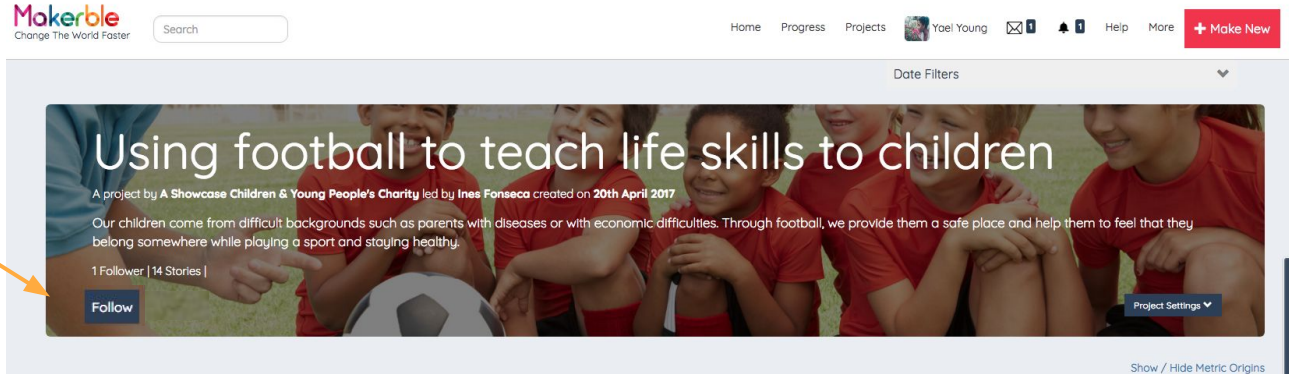

The screenshot displays the Makerble charity dashboard. At the top left is the Makerble logo with the tagline "Change The World Faster" and a search bar. The top right navigation bar includes links for Home, Progress, Projects, a user profile for Pauline Petty, and icons for messages, notifications, help, and more, along with a red "Make New" button. The main content area features a grid of project cards. The first card is titled "A Showcase Animals charity" and includes a sub-header "An array of projects across each of our cause areas", social sharing options (Like, Share), and links for "Organisation Settings", "Impact tracker dashboard", and "More Options". Below this is a "Charity Leader" section with a photo of Pauline Petty. To the right are two other project cards: "Vaccination Programme" (with a photo of a cat being vaccinated) and "Chilmouth Cats Home" (with a photo of a kitten). An orange arrow points from the text "Click on one of the titles" to the "Vaccination Programme" title.

Follow Projects

Clicking the title takes you to the individual project page.

Click the 'Follow' button.

You are now following this project. Stories that are posted as part of this project will appear in your newsfeed where you can comment and exchange ideas.

The screenshot shows the Makerble website interface. At the top left is the Makerble logo with the tagline 'Change The World Faster' and a search bar. The top right navigation bar includes links for Home, Progress, Projects, a user profile for Yael Young, and icons for email, notifications, and help, along with a '+ Make New' button. Below the navigation is a 'Date Filters' dropdown. The main content area features a large banner image of children in red shirts playing football. The title 'Using football to teach life skills to children' is overlaid on the image. Below the title, it states 'A project by A Showcase Children & Young People's Charity led by Ines Fonseca created on 20th April 2017'. A short description follows: 'Our children come from difficult backgrounds such as parents with diseases or with economic difficulties. Through football, we provide them a safe place and help them to feel that they belong somewhere while playing a sport and staying healthy.' Below the description, it shows '1 Follower | 14 Stories |'. A blue 'Follow' button is prominently displayed, with an orange arrow from the text on the left pointing to it. To the right of the 'Follow' button is a 'Project Settings' dropdown menu. At the bottom right of the banner area, there is a link for 'Show / Hide Metric Origins'.
